September 22 – Cinque Terre

After an early breakfast, we head out for a memorable day exploring one of the world's most spectacular coastal areas, the famed Cinque Terre. We shall learn all about Cinque Terre's history and unique features like the steeply terraced cliffs bisected by a complicated system of fields and gardens hacked, chiseled, shaped and layered over the course of nearly two millennia. So marked are these artificial contours that some scholars have compared the extensive "muretti" (low stone walls) to the Great Wall of China! And all enhanced by the charming villages - Riomaggiore, founded in the 8th century by Greek settlers fleeing persecution in Byzantium, Vernazza, Corniglia, Manarola and Monterosso - which look onto the gleaming pristine waters of the sea. We shall lose ourselves in gorgeous scenery, hike/walk along the famous trails (including the Via dell'Amore - please see*) and explore a few of the fascinating villages traveling by boat, train and on foot. One of the highlights of this day will be a Ligurian seafood feast, with exquisite regional white wines, in a lovely seafront restaurant. And we shall learn about the area's one-of-a-kind grape harvesting techniques enjoying an exclusive leisurely hike through luxuriant seafront vineyards: nobody in sight apart from the deep blue sea, verdant vines, your group and guide. Weather and sea conditions permitting you will also admire the scenario from the water during a fabulous cruise.
